

ExxonMobil

ExxonMobil Sponsored Building a Presence for Science

- **Original Goal:**
One Point-of-Contact for science standards in each school
 - Program developed with National Science Teachers Association
 - Currently in 24 states plus Washington, D.C.
- **Goal now expanded to include:**
 - Professional development for teachers of science
 - Internet program tools and networking
- **Phase I (1996-2000)**
 - Training for almost 1,000 Key Leaders
 - Over 16,300 Points-of-Contact in school buildings
- **Phase II (2001-2003)**
 - State launches nearing completion
 - Training programs underway in all states

Building a Presence for Science
